## INTERNET AND SOCIAL MEDIA

### Student Usage Agreement

Technology and the internet provides students with new and engaging ways to learn. They are important tools for education, research and social connection.

It is important that technology and the internet is used in responsible, respectful and ethical ways. In addition, it is important that all students feel safe using technology and the internet.

When students are using technology such as phones and computers, accessing the internet or using social media, they **must agree to** follow the following:

When students are accessing the internet and using social media there is to be **NO**:

- ❖ Cyber bullying or sexual harassment
- ❖ Accessing sex sites, pornographic or violent sites
- ❖ Use of Facebook in a sexist, racist, bullying or vilifying manner
- ❖ Inappropriate emails

I have read the rules about Internet and Social Media and agree to abide by the GNLC rules.

I ..... will follow the Internet and Social Media usage rules and agree to abide by them.
